

MEGA GO FLOOD BAR™

The ADJ Mega GO Flood Bar is a 19-inch (50cm) rechargeable lithium battery powered LED Linear Fixture that offers the creativity of RGB color mixing for stage or wall washing, has a 120-degree beam angle, plus the freedom to set up your fixture where ever you wish without the restrictions of power. With a wide beam angle and short throw from it's SMD (Surface Mount Diode) LEDs , the Mega Go Flood Bar is designed for short , wide wall washing and backlighting of Scrim.

This fixture uses LEDs rated at 50,000 hours. DMX addressing may also be changed by the unit's 4-button LED display, or controlled by a DMX Controller or the ADJ RFC RF remote control (sold separately). There is no duty cycle, plus users can "daisy-chain" the power from one unit to the next with the built-in IEC power Ins/Outs, up to 20 Mega Go Flood Bars. The built-in battery will keep a charge for up to 4.5 hours (full on) from a full, single charge.

Specifications

- Ultra bright flat wash fixture with 54 TRI SMD (3-IN1 RGB) LEDs
- Smooth RGB color mixing with rich palettes of color created by mixing Red, Green and Blue TRI SMD LEDs (fast or slow color change operation)
- Great as an architectural wall wash or for performance stages where traditional stage lighting emit a lot of heat onto performers
- 7 DMX Channels Modes: 1, 2, 3, 4, 5, 6 or 7 channels
- 5 Operational modes: Auto mode and sound active feature with built-in programs
- Stand Alone or Master/Slave Configuration
- Beam Angle: 120 degrees
- Flicker Free Operation
- 4-Button DMX LED Display
- 35 built-in Color Macros

- DMX-512 protocol
- LED Pulse and Strobe effects
- Linkable via 3-pin XLR cable
- Electronic Dimming: 0-100%
- Includes mounting brackets to hang on truss, mount on a wall or set on the ground
- Long Life LEDs (50,000 hrs.)
- Power Draw: 30W
- Rechargeable Lithium battery life: 4.5 hours full on (with a full charge); 6.5 hours charge time
- IEC AC input and output on rear to daisy chain power (Up to 20 Mega Go Flood Bar)
- Compatible with ADJ RFC wireless remote control (sold separately)
- Multi-voltage operation: AC 100V-240V 50/60Hz
- Dimensions(LxWxH): 19.75" x 2.75" x 3.5" / 500 x 65 x 88mm
- Weight: 1.7 kgs / 4 lbs
