

NUCLEUS PRO

The ADJ Nucleus Pro is a LED Centerpiece fixture that creates stunning, high impact visual effects! It features exciting built-in lighting programs centered around three flat scanning mirrors and three barrel type mirrors controlled by very smooth 1.8 degree high quality Stepper Motors. The Nucleus Pro is powered by six brilliant 10-watt "Quad Color" LEDs (30,000 hr., RGBW 4-in-1 LEDs). Users can also utilize this fixtures DMX capabilities with 3 DMX mode options, a 4-button LED DMX display and DMX In/Out, or use the easy-to-use UC3 Controller (sold separately). This unit is great for permanent installations, and is light-weight and portable for mobile entertainment.
